

Dear Newton Moore Senior High School,

15 November 2016

Student Exchange Australia New Zealand is a not-for-profit organisation that is registered with all state and territory Departments of Education around Australia. We are the first and only secondary exchange organisation in the world to be certified to ISO 9001 (Quality Management System) and we ensure the highest standards of care and support to our participants.

The 2WayExchange Experience is one of our most popular exchange programs because it is double the experience at a fraction of the usual cost of a 3 month exchange program.

2WayExchange Experience - Now you can choose Italy, France or Canada

The 2WayExchange Experience is a unique exchange program where Australian students are 'matched', with a student in either Italy, France or Canada. Students choose which country and spend 3 months with each other's families and attend school. It amounts to twice the experience and at a fraction of the usual cost of a 3 month exchange program.

Students establish close ties with their host brother or sister and each other's families. Plus they avoid interrupting their schooling and will be back home in time to resume their studies.

Applications close for this program on Friday, 31st March 2017, but we encourage students not to leave it until the last minute to apply as there are limited places available on our 2WayExchange programs.

We would appreciate it if you could please pass on this amazing opportunity to your language department or place a notice in your newsletter. You can download the program flyer [here](#) or watch one of the 2WayExchange videos from [here](#).

"Having Apolline come first means we get to know who she is, who the family is, so my mum feels a lot more comfortable and I know what I'm going into" Alicia, 2WayExchange participant.

"You can't put a price on this type of experience" The Thompson family.

Being an exchange student can be one of the most exciting and rewarding experiences of a young person's life. The benefits of hosting an Italian, French or Canadian student will not just enhance their knowledge of the world, but also allows the whole family to enjoy the 2WayExperience.
