

## **THINKING ABOUT APPLYING FOR THE WEST AUSTRALIAN POLICE FORCE? OR MAYBE YOU KNOW SOMEONE WHO IS?**

The Certificate III in Police Studies is a pre-application policing course that provides an introduction to policing skills and knowledge of the law and justice for those wanting to be recruited by Western Australian Police (WAPOL). The course will also provide useful preparation for those exploring career opportunities in other compliance and investigation roles (e.g. customs, immigration, parks and wildlife, military police etc).

We will be commencing our Certificate III in Police studies in Semester 2, 2017. This is a fulltime Certificate III course delivered over 6 months. This course is aimed at assisting applicants to the WA Police academy by developing skills and knowledge in law and justice as well as developing skills to make them more competitive in the Police pre entry examinations.

The link below provides further information on the Certificate III in Police studies course, including methods of enrolment and cost.
