

Scholarship Program

Serious about a career in building and construction?
Entering Year 11 in 2018? Then you should nominate for the CTF **Schools2Skills Scholarship Program**.

The Construction Training Fund (CTF) is looking to select up to 200 WA students to become the building and construction industry's first choices to employ as apprentices and trainees.

We're working with six leading Registered Training Organisations (RTOs) to deliver the following industry endorsed qualifications as part of WACE:

- Certificate II Building and Construction - Trades Pathway (52824WA)
- Certificate II Building and Construction - Construction Business Pathway (52825WA)
- Certificate II Plumbing (52700WA)

The Scholarship includes the following:

- Tuition, RTO enrolment and resources costs
- Safety equipment and clothing
- Work experience
- Regular mentoring by industry personnel
- Specialist workshops about building and construction
- Advice about career pathways
- Meetings with industry employers
- Regular reports to parents and schools

The Schools2Skills Scholarship is supported by industry and will provide participants with the skills, experience and knowledge that employers look for in a new apprentice or trainee.
