Parenting Capacity Fund: Parenting Connection WA is also responsible for administering a Parenting Capacity Fund, designed to broker funds through small grants to community groups and organisations for the provision of specific parenting services to meet identified local need. The fund aims to avoid duplication of services in areas and should be agile in responding to a variety of sectors, cultures and denominations throughout the various South West regions.

Local parents, community groups and service providers are encouraged to have their say and share what services would help their local community.
