Michael Martinson 0450749625

An exciting opportunity exists to come and join a new, fresh and dynamic AFL team in the Bunbury region where the focus is purely on player skill development, decision making and strategic play.

The Bushrangers are seeking players in the Year 10 and Year 11/12 age groups to enter the SWJFL competition in season 2018.

The Bushrangers concept was created to provide a pathway for high school aged children with the aim of firstly creating an environment where players can grow with skills on and off the field and secondly create an environment that will encourage kids to stay in the program and the football pathway.

The Bushrangers program will be overseen and developed by Head of Coaching Garry Dyer, who is currently coaching the Peel Thunder Colts South West Squad as well as coaching in the State Country Colts program. Garry brings a vast wealth of coaching experience and knowledge to the Bushrangers Program, coaching at Senior WAFL level, SWFL senior level and Development coaching in the Peel Thunder youth programs.

The Bushrangers welcomes all past and present players of all abilities in these age groups to join us in this new and exciting program. "You can't choose your potential, but you can choose to fulfill it"

Registrations are open now and can be completed online
