

# OCTOBER REVISION PROGRAM

## F.A.Q.

**How can students be assured that what they have learnt at school will be addressed in the Wace+ Program? The answer to this important question is really quite simple.**

- + The foundation of our revision classes is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- + We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the WACE+ teachers for inclusion in their programs.
- + This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the WACE+ teacher.

# OCTOBER REVISION PROGRAM

## A SUCCESSFUL PROGRAM

Students attending holiday revision programs report that they feel more confident tackling assignments and are better prepared to sit their exams.

## PROGRAM INCLUDES:

**Subject Revision:** These classes consist of ten hours of teaching broken up into two hours a day for the five days.

The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt in Semester 2 will be assessed in their final year exams.

**Exam Preparation:** The classes focus on specific topic revision followed by a discussion on how this material is assessed in exam style questions. There is sufficient time within the ten hours for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own answers.

All our senior school teachers have significant marking experience and know what needs to be addressed to ensure students' success in exams.
