

Healthy Food and Drink Choices in Schools

All public schools in Australia are to follow a 'healthy choice change' which is based around a "Traffic Light System."

Available every day and promoting a wide range of foods that should make up the majority of a healthy diet.

Available twice a week, choosing healthier alternatives of foods that should be eaten in moderation.

Off the menu - not selling foods that do not meet specified nutrient criteria.

Our canteen has made the necessary changes to its menu and as suppliers change products to meet with the new criteria more choices will become available.

Please talk with your children about the importance of healthy choices and if you have any ideas please share them with us.

If you would like to volunteer in the school canteen between 9am and 11.30am or 11.30am and 2.00pm, please telephone Tracey Usher – Canteen Manager on 9795 8620. Your help would be greatly appreciated.
